

An aerial photograph of a lush landscape in Bali, Indonesia. The foreground and middle ground are dominated by terraced rice fields, which are filled with water and reflect the sky. The fields are separated by narrow, green earthen paths. In the background, a dense forest of palm trees and other tropical vegetation covers the hills. Beyond the forest, a range of blue mountains is visible under a bright blue sky with scattered white clouds. The overall scene is vibrant and scenic.

CONSCIOUS LIFE STYLE

Basecamp Bali is designed for those who choose a conscious lifestyle. From sustainable building materials to renewable energy powering the resort, every aspect is carefully considered to minimize our environmental footprint. With a focus on locally sourced produce and thoughtful, eco-friendly practices, we offer a space where sustainability meets comfort, allowing you to fully embrace a mindful, harmonious way of living.

VALUES

02

INSPIRE

Basecamp Bali is a vibrant haven for the free-spirited, with unique **architecture**, up-cycled pieces, and local art woven throughout lush grounds. No two spaces are alike, creating a **dynamic landscape** where plants, people, and ideas bloom. Guests leave inspired and ready for new adventures.

01

LEAVE A TINY FOOTPRINT

Basecamp Bali, in Ubud's lush landscape, embraces **sustainability** through local materials, renewable energy, water reuse, and homegrown food. Our flexible designs blend with nature, inspiring guests to connect with and preserve the environment.

03

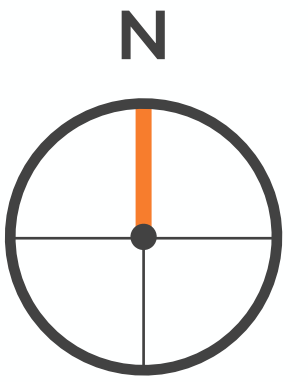

BE A FRIEND

Basecamp Bali is built on genuine connections and shared passions. Our community welcomes guests with a warm, personal touch, making everyone feel at home and part of something meaningful. No matter where life takes you, Basecamp Bali is a place you'll always belong.

MAP

The primary driver of the BASECAMP Bali eco resort development is the preservation of the natural beauty of which it is located.

Whilst the 10-hectare site sits within a greater 30-hectare site, the objective has been to build in clusters to preserve the rice paddies.

01

Our mission is to operate sustainably, in all aspects. So your investment is doing something good, for you AND for the planet.

02

This also means that we aim for a sustainable relationship with you as an owner. We commit to a fair and transparent agreement, with no unpleasant financial surprises.

03

We are developing small-scale parks, so no mass tourism where you get lost or become a number. We love to keep a personal touch. For our guests, and for you as an owner.

04

Having a villa usually means a lot of work: marketing, guest communications, supply, cleaning, etc. Not with us! We take it all off your plate, so you can relax and enjoy your house and effortless revenue. That's passive income.

8 REASONS TO CHOOSE BASECAMP

05

We have the most flexible terms for personal use of your villa. Unlike other investment options in Bali where you usually get only 14 days. Here YOU decide.

06

Many holiday homes come with huge yearly bills: for park service fees, electricity costs, water, wifi, etc. With us, that's all included, payed from our provision. No surprises for you as an owner.

07

You are free to sell your villa at any time. At any price, you decide. We do ask you to give us first right to buy, but you decide the terms.

08

When you choose Basecamp, you become part of our inspiring community of owners and investors, whom all join the mission to leave the world a better place.

BECOME PART OF THE OWNERS COMMUNITY

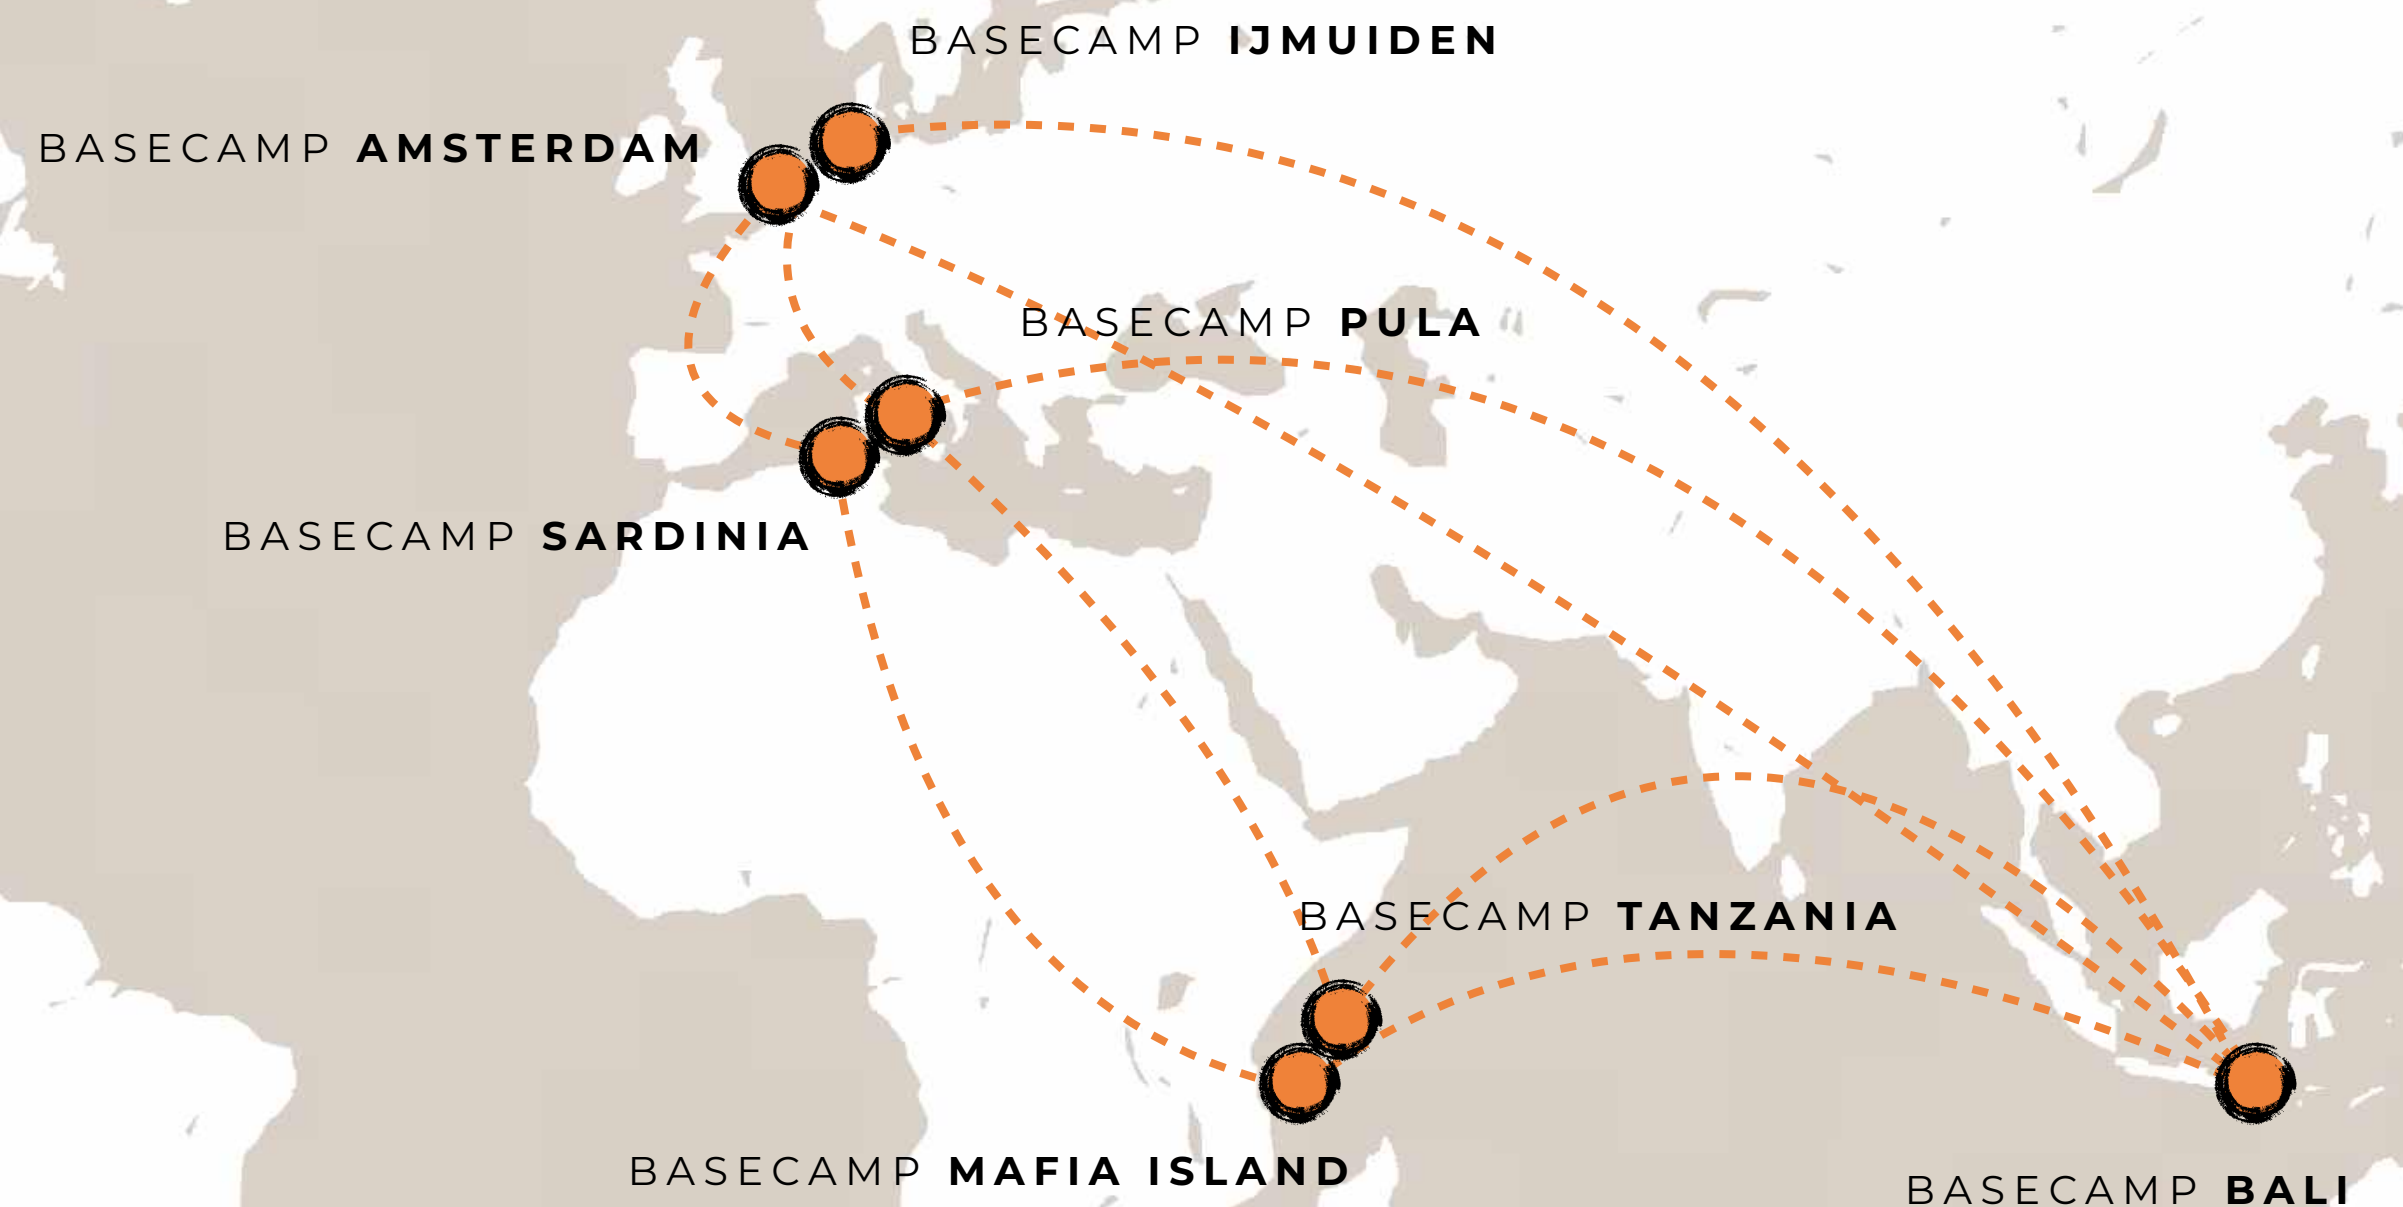

As a villa owner at Basecamp, you are more than an investor. You become part of the group of visionaries who make this dream a reality.

Together we have more ideas, a larger network and together it is also more fun. And we like to celebrate that! That is why we organise a festive Owners Day every year, where we come together, exchange ideas and above all enjoy the fantastic community that we have formed over the years.

Currently we have over 100+ owners, of which many became friends. Some of them already owning 2 or 3 villa's at the ever expanding Basecamp Eco-resort network.

GLOBAL NETWORK

Basecamp develops a network of **eco-resorts** located in some of the world's most distinctive natural settings. The resorts feature a mix of **tiny houses, tiny offices, and event spaces**, each designed with an emphasis on ecological principles and small-scale, intimate guest experiences.

BASECAMP TEAM

Our team is **united** by a shared vision and **relentless** drive, combining **expertise** and **passion** to create sustainable growth and long-term value...

GUARDIANS OF TRADITION

The Manuaba Royal family, descended from the noble priests and warriors of the Bangli and Gianyar kingdoms, is deeply linked to Bali's religious history through Pedanda Manuaba, a descendant of the revered Pedanda Nirartha. The family has long played a key role in preserving Bali's spiritual and cultural traditions, with responsibilities including:

- **Overseeing temple ceremonies:** Ensuring the continuation of Balinese Hindu rituals.
- **Protecting sacred sites:** Guardianship of landmarks like Pura Griya Sakti Manuaba.
- **Fostering cultural arts:** Supporting traditional Balinese dance, music, and literature.
- **Upholding Balinese philosophy:** Embodying the Tri Hita Karana, balancing humans, nature, and the divine.

TRI HITA KARANA

THE PHILOSOPHY OF HARMONY

Puri Manuaba embodies the sacred Balinese philosophy of Tri Hita Karana, this philosophy has allowed Puri Manuaba to remain culturally and spiritually significant through the ages, which fosters balance and harmony through three key elements:

PARAHYANGAN

HARMONY WITH THE DIVINE

- Places of **Worship**
- Places of **Contemplation**
- Ritual **Ceremonies**
- Welcome **blessings** / Rite of passage

PALEMAHAN

HARMONY WITH NATURE

- Designing in harmony with the landscape
- Framing views of the surrounding **natural wonders**
- Outlook posts and nature **pavilions**
- Respecting nature with lightweight design

PAWONGAN

HARMONY WITH HUMANS

- Embodying community through spatial design
- Shared convivial spaces
- Connecting through the ritual of food
- Creating pavilions for cultural sharing

FROM TRADITION TO SUSTAINABILITY

Inspired by Puri Manuaba's dedication to cultural and environmental harmony, Basecamp Bali Eco-Resorts champions sustainable tourism that respects Balinese traditions. We blend modern eco-living with time-honored wisdom, embracing the Tri Hita Karana principles by:

- **Supporting local farmers and artisans** through fair trade.
- **Implementing green architecture** to preserve Bali's natural beauty.
- **Offering immersive cultural experiences** to connect guests with the island's heritage.

Basecamp Bali Eco-Resorts is more than a stay—it's a movement for responsible tourism where history, culture, and sustainability unite for a meaningful impact.
